	100 lbs.	150 lbs.	300 lbs.
Beverage Napkins (bar only)	150	300	500
Stirrers	100	200	400
Fruit picks	25	25	35

We do not work with 2-liter soda bottles. Please note that you need to double the ice quantities for an outside event on hot summer days. This list is an estimate for the average party per guest count; quantities may vary based on the type of party and what kind of guest you are hosting. Types of specialty drink will change the quantities of the mixers needed (If margaritas are being featured, you will need extra limes, sour mix & Roses lime juice).

Please feel free to contact us if you need any help with quantities for featured cocktails.
